

### **BBC literary copyright contact details ( as at October 2013 ).**

During the course of 2013 the BBC undertook a major restructure of its Rights Legal & Business Affairs teams. Rather than having a centralised Literary Copyright function the activity is now embedded within a new *genre* based structure which includes major production bases out of London.

The table below details current contact names and extensions. I hope this will make it easier for you to quickly identify the appropriate person that you wish to speak to.
